

LESTHER REYNOSO

405 East 92nd Street Apt. 20B New York, NY 10128 • (646)-246-4412 • ReynosL@SUNYIT.edu

OBJECTIVE

Looking to utilize my programming and engineering background in an environment in which I can both contribute to team and organization success and gain knowledge and experience to further develop my skills.

SKILLS AND STRENGTHS

Intuitive and fast paced learning ability, well established communication skills, confident working in teams, detail-oriented.

Experienced with Microsoft Office, Windows 7, Windows 8, Linux, Assembly, C, C++, Java, JavaScript, Python, SQL, HTML5, CSS, and MATLAB

EDUCATION

SUNY Institute of Technology, Utica, NY

Bachelor of Science, *Computer Science*

May 2015

Bachelor of Science, *Computer Engineering*

Minor in *Mathematics*

WORK EXPERIENCE

SUNY Institute of Technology Information Technology Help Desk, Utica, NY

Help Desk Technician (1/14 – Present)

Developed and maintained professional relationships among students, faculty, and staff, educating them on the general use of on campus or personal technology and performed troubleshooting on and resolved technical issues they faced.

SUNY Institute of Technology Cayan Library, Utica, NY

Library Assistant (8/10 – Present)

Managed the organization and distribution of resources for all customers in a professional and timely manner and located relevant information that met the customers' needs.

A.C.T. Programs at the Cathedral of St. John, New York, NY

Assistant to Director (6/11 – 8/13, Seasonal)

Reliably established a safe and effective environment for all staff utilize in programs, provided clear and visible notification of equipment and locations, and arranged and ensured functionality of all audio-visual equipment.

LEADERSHIP

Student Association Senator (9/12 – Present)

Chaired the Policy Committee in which we revised and improved all governing documents of the Student Associations and all student run organizations.

Chaired the Technology Committee in which we bridged communications between students and faculty in regards to technological changes on campus.
